

## SCIENTIFIC PROGRAMME

Wednesday, 21 November 2018

### Pre-Congress Courses

08:00 - 13:15

PCC.01 - Pre-Congress Course #1:

Presurgical diagnosis of deep endometriosis by transvaginal sonography (TVS) - potential and limitations

Room: Park Congress 1

08:30 - 12:00 / 14:00 - 17:30

PCC.02 - Pre-Congress Course #2:

Laparoscopic skills workshop (LASTT-SUTT)

Room: Park Congress 2

13:00 - 17:30

PCC.03 - Pre-Congress Course #3:

Endometriosis School

Room: Park Congress 3

Thursday, 22 November 2018

08:00 - 12:30 **Live surgeries**  
Room: Park Congress 1-2

**Chairpersons:** Sun-Wei Guo, China  
Leila Adamyan, Russia  
Radek Chvatal, Czech Republic

**Panel:** Uwe Ulrich, Germany  
Gernot Hudelist, Austria  
Horace Roman, France  
Michael D. Mueller, Switzerland

12:30 - 13:30 EEL General Assembly  
Room: Berg

12:30 - 13:45 Lunch break  
Exhibit Hall

13:45 - 14:30 **OPENING CEREMONY**  
Room: Park Congress 1-2

**Speakers:**

13:45-14:05 Sex - a pleasure or a pain?  
Lone Hummelshoj, United Kingdom  
Welcome:  
14:05-14:10 Peter Oppelt, Congress President  
14:10-14:15 Neil Johnson, WES President  
14:15-14:20 Stefan Renner, EEL President  
14:20-14:25 Heinz Kölbl, Head of Department, Obstetrics and Gynaecology  
Medical University of Vienna

14:30 - 16:00 **Concurrent sessions**

<b>S.01</b> <b>OVARIAN ENDOMETRIOSIS AND INFERTILITY</b> Room: Park Congress 1-2	<b>S.02</b> <b>BASIC RESEARCH</b> Room: Park Congress 3
<b>Chairs:</b> Omar Shebl, Austria & Engin Oral, Turkey	<b>Chairs:</b> Sylvia Mechsner, Germany & Pol-Edern Le Renard, Austria
14:30 - 14:45 S.01.1 - Case: 18-years-old; bilateral recurrent endometriomas; no desire for pregnancy  Jacques Maas, The Netherlands	14:30 - 14:45 S.02.1 - Most important and influential research papers in the last ten years  Alexis Laux-Biehlmann, Germany
14:45 - 15:00 S.01.2 - Case: 29-years-old; bilateral recurrent endometriomas; desire for pregnancy  Rene Wenzl, Austria	14:45 - 15:00 S.02.2 - Genetic and epigenetic/environment - influence on endometriosis  Nilufer Rahmioglu, United Kingdom
15:00 - 15:15 S.01.3 - Case: 45-years-old; bilateral recurrent endometriomas; no desire for pregnancy  Saeed Alborzi, Iran	15:00 - 15:15 S.02.3 - The gut microbiota: a puppet master in the pathogenesis of endometriosis?  Mathias Laschke, Germany
15:15 - 15:30 S.01.4 - Development of fibrosis in endometriotic lesions through tissue injury and repair  Paola Vigano', Italy	15:15 - 15:30 S.02.4 - Defining future directions for endometriosis research  Krina Zondervan, United Kingdom
<b>15:30 - 16:00</b> <b>ORAL POSTERS ON OVARIAN ENDOMETRIOSIS AND FERTILITY</b>	<b>15:30 - 16:00</b> <b>ORAL POSTERS ON BASIC RESEARCH</b>
15:30 - 15:37	15:30 - 15:37

<p>OP.005 - The change in coagulation parameters in patients who have ovarian endometrioma: A 3-year analysis - Pinar Yalcin Bahat, Turkey          15:37 - 15:44</p> <p>OP.006 - ART outcomes in endometrioma patients undergoing sclerotherapy versus laparoscopic cystectomy; A clinical trial - Saeed Alborzi, Iran          15:44 - 15:51</p> <p>OP.007 - The effect of hemostasis by electrocoagulation versus suture on endometrioma recurrence and pregnancy rates after laparoscopic cystectomy in uni/bilateral endometriomas - Cihan Kay, Turkey          15:51 - 15:58</p> <p>OP.008 - Influence of modern methods of hemostasis on ovarian reserve - Antonina Solomatina, Russia</p>	<p>OP.001 - Invasion of endometriotic cells is enhanced via cathepsin B secretion - Raimund Dietze, Germany          15:37 - 15:44</p> <p>OP.002 - Hypersensitive cancer hotspot sequencing panel in patients with two or more subtypes of endometriosis - Teresa Praetorius, Germany          15:44 - 15:51</p> <p>OP.003 - The M2a macrophage subset may be critically involved in fibrogenesis of endometriosis in mouse - Xishi Liu, China          15:51 - 15:58</p> <p>OP.004 - Serum Galectin-9 as a non-invasive biomarker for the detection of endometriosis - Reka Brubel, Hungary</p>
---	--

16:00 - 16:30 Networking break and poster session  
 Exhibit Hall & Gallery, Mezzanine Level

16:30 - 17:30 **Concurrent sessions**

<p><b>S.03</b>  <b>TREATMENT FROM DIFFERENT VIEW POINTS - FERTILITY</b>          Room: Park Congress 1-2</p>	<p><b>S.04</b>  <b>“SPEED DATING” - PITCH YOUR NEW RESEARCH PROJECT AND FIND A COLLABORATOR</b>          Room: Park Congress 3</p>
<p><b>Moderators:</b> <i>Liselotte Mettler, Germany &amp; Christian Becker, United Kingdom</i></p>	
<p>Case presentation by residents of Kepler Universitäts Klinikum, Linz</p> <p>Panel          Neil Johnson, New Zealand          Horace Roman, France          Engin Oral, Turkey          Stefan Renner, Germany</p>	<p><i>Proposals collected in advance from the delegates</i></p> <p>Panel:          Taner Usta, Turkey          Pol-Edern Le Renard, Austria          Anna Stepniewska, Italy</p>

17:30 - 19:00 Networking reception  
 Exhibit Hall

Friday, 23 November 2018

08:00 - 10:00 **Concurrent sessions**

<b>S.05</b> <b>ENDOMETRIOSIS AND THE RISK OF MALIGNANCY</b> Room: Park Congress 1-2	<b>S.06</b> <b>ADENOMYOSIS &amp; ADENOMYOSIS IN INFERTILITY</b> Room: Park Congress 3	<b>PATIENT DAY:</b> <b>MEETING OF EUROPEAN ENDOMETRIOSIS SUPPORT ORGANISATIONS</b> Room: Klimt 1
<b>Chairs:</b> <i>Radek Chvatal, Czech Republic &amp; Uwe Ulrich, Germany</i>	<b>Chairs:</b> <i>Mario Ćorić, Croatia &amp; Leila Adamyan, Russia</i>	
08:00 - 08:20 S.05.1 - Case: 55-years-old, postmenopausal for the last 2 years; endometriomas in both ovaries (up to 25 x 35 mm); history: 2 laparoscopies due to multiple endometriomas in both ovaries 19 years ago; the patient asks: is the risk of ovarian cancer increased due to endometriosis?  Andrew Horne, United Kingdom	08:00 - 08:20 S.06.1 - How do I diagnose adenomyosis?  Kazem Nouri, Austria	
08:20 - 08:40 S.05.2 - Case: 28-years-old; laparoscopy because of peritoneal endometriosis and superficial implants on the rectum (not removed); family history of diverse cancers; the patient would like to know: is there an increased risk of malignant disease?  Marina Kvaskoff, France	08:20 - 08:40 S.06.2 - The role of adenomyosis in reproductive medicine  Omar Shebl, Austria	
08:40 - 09:00 S.05.3 - Case: 55-years-old, endometrial cancer pT1b, N0 SN 0/3) G1; histology: adenocarcinoma and adenomyosis; history: secondary dysmenorrhea; suspected adenomyosis for many years; the patient wonders if the carcinoma could have been	08:40 - 09:00 S.06.3 - Is there a reasonable way to treat adenomyosis surgically?  Jörg Keckstein, Austria	

prevented because adenomyosis can be a precancerous condition?  Peter Oppelt, Austria		
09:00 - 09:20 S.05.4 - Is there an immunologic relationship between endometriosis and cancer?  Hans Tinneberg, Germany	09:00 - 09:20 S.06.4 - A look into the future: what could be promising therapy approaches?  Sun-Wei Guo, China	
<b>09:30 - 10:00</b> <b>ORAL POSTERS ON ENDOMETRIOSIS AND THE RISK OF MALIGNANCY</b>  09:30 - 09:37 OP.009 - Endometriosis-associated malignancy: First results of the Endometriosis Research Foundation study - Aileen Jagdhuhn, Germany 09:37 - 09:44 OP.010 - Molecular evaluation of non-coding RNAs with the possible role of biomarkers in the transformation of endometriotic lesions - Adriana Oltean, Romania 09:44 - 09:51 OP.011 - Power Morcellation - for laparoscopic tissue extraction, does it represent a sarcoma threat - Liselotte Mettler, Germany 09:51 - 09:58 OP.012 - Malignant potential of endometriosis - Ján Varga, Slovak Republic	<b>09:30 - 10:00</b> <b>ORAL POSTERS ON ADENOMYOSIS &amp; ADENOMYOSIS IN INFERTILITY</b>  09:30 - 09:37 OP.013 - Aromatase inhibitor plus GnRH analog versus Dienogest in the treatment of uterine adenomyosis: a controlled randomized trial - Marco Sbracia, Italy 09:37 - 09:44 OP.014 - The importance of standardized ultrasound examination in the diagnosis of adenomyosis - Bálint Balogh, Germany 09:44 - 09:51 OP.016 - Childhood maltreatment - a risk factor for miscarriage and preterm birth - Alexandra Kohl Schwartz, Switzerland	

10:00 - 10:30 Networking break and poster session  
Room: Exhibit Hall & Gallery, Mezzanine Level

10:30 - 12:00 **Concurrent Sessions**

<b>S.07</b> <b>CLASSIFICATION</b> Room: Park Congress 1-2	<b>S.08</b> <b>INTESTINAL AND UROLOGICAL ENDOMETRIOSIS</b> Room: Park Congress 3	<b>PATIENT DAY:</b> <b>MEETING OF EUROPEAN ENDOMETRIOSIS SUPPORT ORGANISATIONS</b> Room: Klimt 1
<b>Chairs:</b> Peter Oppelt, Austria & Andrew Horne, United Kingdom	<b>Chairs:</b> Andreas Shamiyeh, Austria & Steffen Krause, Austria	

10:30 - 10:45 S.07.1 - The role of classifications systems in reproductive medicine  Carla Tomassetti, Belgium	10:30 - 10:45 S.08.1 - Endometriosis and urological aspects  Anna Stepniewska, Italy
10:45 - 11:00 S.07.2 - The pros and cons of different endometriosis classification systems  Uwe Ulrich, Germany	10:45 - 11:00 S.08.2 - Intestinal endometriosis: what is possible - what is necessary?  Horace Roman, France
11:00 - 11:15 S.07.3 - The WES consensus on classification  Neil Johnson, New Zealand	11:00 - 11:15 S.08.3 - Managing intestinal / urological complications  Gernot Hudelist, Austria
<b>11:30 - 12:00 ORAL POSTERS ON CLASSIFICATION</b>  11:30 - 11:37 OP.017 - Bowel Endometriosis Syndrome: a new scoring system for pelvic organ dysfunction and quality of life - Mads Riiskjær, Denmark 11:37 - 11:44 OP.018 - The ENZIAN Score as a preoperative MRI-based classification instrument for deep endometriosis - Laurin Burla, Switzerland 11:44 - 11:51 OP.019 - Impact of social media accounts on endometriosis awareness - Pinar Yalcin Bahat, Turkey 11:51 - 11:58 OP.020 - Determinants of the diagnostic process of endometriosis in general practice - Moniek Van Der Zanden, The Netherlands	<b>11:30 - 12:00 ORAL POSTERS ON INTESTINAL AND UROLOGICAL ENDOMETRIOSIS</b>  11:30 - 11:37 OP. 021 - Surgical management of urinary tract endometriosis: a one-year longitudinal multicenter study in 31 French hospitals in 2017 - Charles-André Philip, France 11:37 - 11:44 OP.022 -Using of mesorectal flap as a prevention of rectovaginal fistula after bowel resection anastomosis with simultaneous resection of vagina - Jiri Hanacek, Czech Republic 11:44 - 11:51 OP.024 - Multiple digestive resections for deep endometriosis - Nicolae Bacalbasa, Romania

12:00 - 13:00

Lunch break Room: Exhibit Hall	<b>ES.01 EDUCATIONAL SESSION: HYSTEOSALPINGOGRAPHY AND FERTILITY: EMERGING DATA</b> Room: Park Congress 1-2
	<b>Chairs: Naile Bolca Topal, Turkey &amp; Antoine</b>

	<i>Watrelot, France</i>
	12:00 - 12:15 ES.01.1 - HSG and pelvic evaluation in infertility work up - targeting endometriosis in infertility investigation and treatment  Velja Mijatovic, The Netherlands
	12:15 - 12:30 ES.01.2 - Lipiodol - evidence to 2017  Neil Johnson, New Zealand
	12:30 - 12:45 ES.01.3 - H2Oil and the truth about the mechanism of lipiodol  Ben Willem Mol, Australia

13:00 - 15:00 **Concurrent Sessions**

<b>S.09</b> <b>MANAGING ENDOMETRIOSIS IN ADOLESCENTS (TEENAGERS)</b> Room: Park Congress 1-2	<b>S.10</b> <b>DIAGNOSIS</b> Room: Park Congress 3	
<i>Chairs: Bernhard Krämer, Germany</i>	<i>Neil Johnson, New Zealand &amp; Stefan Renner, Germany</i>	
13:00 - 13:20 S.09.1 - Case: 35-years-old, history of severe endometriosis (also her sister); the mother is afraid her 12-year old pre-pubescent daughter will develop endometriosis: is there a hereditary component?  Krina Zondervan, United Kingdom	13:00 - 13:20 S.10.1 - Case: 27-years-old; suspected ovarian endometriosis and deep endometriosis; MRI consistent with exact preoperative diagnosis: is this really necessary?  Caterina Exacoustos, Italy	
13:20 - 13:40 S.09.2 - Case: 14-years-old, tanner 2, primary dysmenorrhea, diagnosis and treatment  Beata Seeber, Austria	13:20 - 13:40 S.10.2 - Case: 17-years-old, primary dysmenorrhea: are biomarkers an alternative to laparoscopy for diagnosis  Christian Becker, United Kingdom	
13:40 - 14:00	13:40 - 14:00	

<p>S.09.3 - Case: 17-years-old, tanner 4, primary dysmenorrhea, diagnosis and treatment</p> <p>Michael D. Mueller, Switzerland</p>	<p>S.10.3 - Case: 27-years-old, mild dysmenorrhea, new left endometrioma of 20mm; desire for pregnancy for the last 1.5 years</p> <p>Saeed Alborzi, Iran</p>	
<p>14:00 - 14:20 S.09.4 - The need for endometriosis awareness in adolescent girls</p> <p>Deborah Bush, New Zealand</p>	<p>14:00 - 14:20 S.10.4 - Which symptom needs which diagnostic pathway?</p> <p>Louise Hull, Australia</p>	<p><b>14:00 - 18:00</b> <b>PATIENT DAY:</b> <b>OPEN INFORMATION EVENT FOR PATIENTS</b> (<i>in German</i>) Room: Klimt 1</p>
<p><b>14:30 - 15:00</b> <b>ORAL POSTERS ON MANAGING ENDOMETRIOSIS IN ADOLESCENTS (TEENAGERS)</b></p> <p>14:30 - 14:37 OP.025 - Adolescent endometriosis education in schools influences recognition of symptoms and early intervention - Deborah Bush, New Zealand</p> <p>14:37 - 14:44 OP.026 - Pregnancy rates after surgical treatment of deep endometriosis in infertile patients with at least 2 previous IVF/ICSI failures - Horace Roman, France</p> <p>14:44 - 14:51 OP.027 - High postoperative fertility rate following surgical management of colorectal endometriosis: 4-year follow up of patients enrolled in ENDORE randomized trial - Horace Roman, France</p> <p>14:51 - 14:58 OP.028 - Interventions for endometriosis related infertility: a systematic review and network meta-analysis - Neil Johnson, New Zealand</p>	<p><b>14:30 - 15:00</b> <b>ORAL POSTERS ON DIAGNOSIS</b></p> <p>14:30 - 14:37 OP.029 - Potential of plasma lipid metabolites for diagnosis of endometriosis - Tamara Knific, Slovenia</p> <p>14:37 - 14:44 OP.030 - The role of Raman Spectroscopic Analysis for endometriosis diagnosis - Bahar Yuksel Ozgor, Turkey</p> <p>14:44 - 14:51 OP.031 - Progesterins affect expression of inflammatory genes in a model cell line of peritoneal endometriosis - Renata Pavlič, Slovenia</p> <p>14:51 - 14:58 OP.032 - Migrating pale cells in the basalis endometrium of adenomyosis uteri exhibit a stem cell phenotype - Mohamed Gamal Ibrahim, Germany</p>	<p>14:00 - 14:20 Willkommensgrüße der EVA - Endometriose Vereinigung Austria, der EEL - Europäische Endometriose Liga und der WES - World Endometriosis Society</p> <p>14:20 - 14:40 Fakten zur Endometriose - aus der Sicht des Arztes (Facts about endometriosis - the doctor's perspective)</p> <p>Univ.Do. Dr. Gernot Hudelist, Krankenhaus der Barmherzigen Brüder Wien</p> <p>14:40 - 15:00 Fakten zur Endometriose - aus der Sicht der Patientin (Facts about endometriosis - the patient's perspective)</p> <p>MMag. Kathrin Steinberger, Endometriose Vereinigung Austria Wien</p> <p>15:00 - 15:20 Das Konzept der Endometriosezentren und deren Nutzen für die Patientin (The concept of endometriosis center care and its positive effects for patients)</p> <p>Priv.Do. Dr. Martin Sillem; Klinik am Rosengarten Mannheim</p> <p>15:30 - 16:00 <i>Pause; Infotisch mit Informationsmaterialien</i></p>

		<p>16:00 - 16:20          Endometriose und die          “Risiken“ für Patientinnen          (Endometriosis and the “risks”          for patients)</p> <p>16:20 - 16:40          Die Zukunft der Endometriose          und der Forschung          (The future of endometriosis and          its research)</p> <p>Prof. Dr. Sylvia Mechsner,          Charité Universitätsmedizin          Berlin</p> <p>17:00 - 18:00          Gesprächsrunde I: Schulung für          Patientinnen zur Erarbeitung von          Alltagsstrategien für einen          verbesserten Umgang mit          Endometriose;          (Talk round: Information for          patients to find a strategy for a          better approach to daily life          with endometriosis)          Dr. PH Iris Brandes, Dipl.Kffr.,          MPH; Medizinische Hochschule          Hannover</p> <p>Gesprächsrunde II:          Informationen zur und Austausch          über Endometriose für          Angehörige (Familienmitglieder,          Freunde...) von          Endometriosepatientinnen</p> <p>(Talk round: Information and          exchange about endometriosis          for relatives of endometriosis          patients)</p> <p>18:00 Verabschiedung durch          EVA, EEL und WES</p>
--	--	---

15:00 - 15:30 Networking break and poster session  
 Room: Exhibit Hall & Gallery, Mezzanine Level

15:30 - 17:15 **Concurrent sessions**

<p><b>S.12</b> <b>PERSISTENT PAIN</b> Room: Park Congress 1-2</p>	<p><b>S.11</b> <b>WHAT YOU ALSO NEED TO KNOW ABOUT ENDOMETRIOSIS</b> Room: Park Congress 3</p>	
<p><b>Chairs:</b> <i>Michael D. Mueller, Switzerland &amp; Ghassan Lotfi, UAE</i></p>	<p><b>Chairs:</b> <i>Horace Roman, France</i></p>	
<p>15:30 - 15:45 S.12.1 - The mechanism of pain  Sylvia Mechsner, Germany</p>	<p>15:30 - 15:45 S.11.1 - Diagnostic delay in endometriosis - did it change through more awareness?  Annemiek Nap, The Netherlands</p>	
<p>15:45 - 16:00 S.12.2 - Case: 37-years-old, several surgeries for endometriosis (incl. tubal ligation); severe pelvic pain; further surgery is declined by the patient; exhausted pain medication: what are the alternative treatments?  Ingeborg Kremen-Pilz, Austria</p>	<p>15:45 - 16:05 S.11.2 - Detecting Semantics in Endoscopic Videos with Deep Neural Networks  Klaus Schöffmann, Austria</p>	
<p>16:00 - 16:15 S.12.3 - Hocus-pocus or real medicine: Is there a place of psychotherapy in endometriosis treatment  Annemarie Schweizer-Arau, Germany</p>	<p>16:05 - 16:20 S.11.3 - The future of anti-bleeding treatment  Leila Adamyam, Russia</p>	
<p>16:15 - 16:30 S.12.4 - New frontiers in the management of persistent pelvic pain  Shaheen Khazali, United Kingdom</p>	<p>16:20 - 16:30 S.11.4 - The possible impact of endometriosis on a woman's life - how patients <i>and</i> care providers can benefit from a self-support-network  Kathrin Steinberger, Austria</p>	
<p><b>16:30 - 17:15</b> <b>ORAL POSTERS ON PERSISTENT PAIN</b>  16:30 - 16:37 OP.039 - Hair cortisol levels in</p>	<p><b>16:30 - 17:15</b> <b>ORAL POSTERS ON UNUSUAL ENDOMETRIOSIS</b>  16:30 - 16:37 OP.034 - Benign endometriosis</p>	

<p>endometriosis: something to stress about? - Mieke Van Aken, The Netherlands          16:37 - 16:44          OP.040 - Use of depot GnRH Aantagonist (Degarelix) in the treatment of endometriosis recurrence: a controlled trial - Fabio Scarpellini, Italy          16:44 - 16:51          OP.041 - The effect of complete surgery on biopsychosocial variables in women with endometriosis - Mieke Van Aken, The Netherlands          16:51 - 16:58          OP.042 - Relevance and acceptance of naturopathic and complementary procedures (CAM) in women suffering from endometriosis - Noëlle Grzanna, Germany          16:58 - 17:05          OP.043 - How patients with endometriosis-associated pain experience SART - a qualitative study - Annemarie Weber, Germany          17:05 - 17:12          OP.044 Genetic risk factors for endometriosis, endometrial and ovarian cancer in a German case-control Study - Hannah Lubrich, Germany</p>	<p>masquerading as intra-abdominal malignancy - one of the most extreme cases reported and a review of the literature - Neil Johnson, New Zealand          16:37 - 16:44          OP.035 - Pelvic nerves endometriosis, a serious challenge - Voicu Simedrea, Romania          16:44 - 16:51          OP.036 - Lower abdominal wall desmoid tumours confound with endometriotic nodules - Temenuga Dacheva, United Kingdom          16:51 - 16:58          OP.037 - Extrapelvic endometriosis: Is it an idiopathic or iatrogenic disease? - Hale Goksever Celik, Turkey          16:58 - 17:05          OP.038 - Diaphragm endometriosis: a difficult diagnosis; Are there risk factors to facilitate the diagnostic pathway? - Adriana Schwander, Switzerland</p>	
--	--	--

17:15 - 18:15 **GUIDED POSTER SESSIONS**

GUIDED POSTER SESSION 1	GUIDED POSTER SESSION 2
Room: Gallery, Mezzanine Level	Room: Gallery, Mezzanine Level
Chairs: <i>Neil Johnson, New Zealand &amp; Stefan Renner, Germany</i>	Chairs: <i>Ghassan Lotfi, UAE</i>

For programme of posters, please see the congress app or the [congress website](#).

Saturday, 24 November 2018

08:30 - 10:30 **Concurrent sessions**

<p><b>S.13</b> <b>DEEP ENDOMETRIOSIS</b> Room: Park Congress 1-2</p>	<p><b>S.14</b> <b>BLEEDING DISORDERS IN FIBROIDS AND ADENOMYOSIS</b> Room: Park Congress 3</p>
<p><b>Chairs:</b> <i>Martin Sillem, Germany &amp; Taner Usta, Turkey</i></p>	<p><b>Chairs:</b> <i>Andrew Horne, United Kingdom &amp; Saeed Alborzi, Iran</i></p>
<p>08:30 - 08:50 S.13.1 - Is subtle endometriosis (microscopic &amp; asymptomatic) a disease or a natural phenomenon?  Moamar Al-Jefout, Jordan</p>	<p>08:30 - 08:50 S.14.1 - When the knife is invisible - smooth destroying treatments  David Toub, USA</p>
<p>08:50 - 09:10 S.13.2 - Nerve and functionality in the small pelvis  Marc Possover, Switzerland</p>	<p>08:50 - 09:10 S.14.2 - Endometrial ablation - is there a gold standard?  Thomas Römer, Germany</p>
<p>09:10 - 09:30 S.13.3 - Are there advantages to using robotic surgery?  Peter Barton-Smith, United Kingdom</p>	<p>09:10 - 09:30 S.14.3 - Is there a place for a long-term medical treatment?  Yücel Karaman, Turkey</p>
<p>09:30 - 09:50 S.13.4 - Surgery in deep endometriosis: the choice between ignorance, challenge and humility  Jörg Keckstein, Austria</p>	
<p><b>10:00 - 10:30</b> <b>ORAL POSTERS ON DEEP ENDOMETRIOSIS</b></p> <p>10:00 - 10:07 OP.045 - An immunohistochemical study of deep endometriosis with lymph node involvement including a description of atypical endometriosis - Jiri Lenz, Czech Republic 10:07 - 10:14 OP.046 - Pain and fertility outcomes of nerve-sparing, full-thickness bowel resection for deep endometriosis (DE) - a prospective cohort study - Kristine Aas-Eng, Austria 10:14 - 10:21</p>	<p><b>10:00 - 10:30</b> <b>ORAL POSTERS ON BLEEDING DISORDERS IN FIBROIDS AND ADENOMYOSIS</b></p> <p>10:00 - 10:07 OP.049 - Effects of combined GnRH receptor antagonist linzagolix and hormonal add-back therapy on vaginal bleeding - delayed add-back onset does not improve bleeding pattern - Oliver Pohl, Switzerland 10:07 - 10:14 OP.050 - Subjective theories of illness in patients with endometriosis compared to patients with uterine fibroids - Friederike Münch, Germany 10:14 - 10:21 OP.051 - A new perspective of endometriosis treatment:</p>

<p>OP.048 - Delivery after operation for deep endometriosis - Christina Allerstorfer, Austria</p>	<p>Social media and blogs - Hisham Ahmed Arab, Saudi Arabia          10:21 - 10:28          OP.052 - Development of hydroxysteroid (17-beta) dehydrogenase 1 (HSD17B1) inhibitor FOR-6219 for endometriosis - Janne Komi, Finland</p>
---	---

10:30 - 11:00 Networking break and poster session  
 Room: Exhibit Hall & Gallery, Mezzanine Level

11:00 - 12:00 **Plenary**

PL.01  
**TREATMENT FROM DIFFERENT PERSPECTIVES - DEEP ENDOMETRIOSIS: CASE PRESENTATIONS**  
 Room: Park Congress 1-2

**Moderators:** *Stefan Renner, Germany*

Case Presentation by residents of Kepler Universitäts Klinikum, Linz

Panel: Jörg Keckstein, Austria  
 Michael D. Mueller, Switzerland
